

Dear Julie

Thank you so much for your reading and beautiful card you sent me.

When looking at your website, (which is beautifully put together), I saw 'Virgin Mary' and when reading this, I realized why you had come into my life.

When I was in Lourdes in May of this year, I felt I was given a special blessing from Mary. I believe this was to do with what I will be doing with my life in the future. The feeling was beautiful and quite empowering. I am not catholic, but for a long time have felt a strong connection with her.

You have a lovely, sincere energy and I look forward to sharing my journey with you

Lorraine ♡
